Admissions Policy

Westlink International School endeavors to have as open an admissions policy as possible.

We therefore:

1. Consider students who have EAL needs.
2. Consider students who have learning support needs.
3. In offering admission, our ethical principal is that we only do so we feel we are able to meet and support the students need.
4. In admitting a student, we look closely at the context of the class into which they would enter.
5. If a Learning Support Assistant is deemed necessary that can be considered, provided the parents are prepared to support the additional expense.
6. The school reserves the right to refuse admission or withdraw an offer in the case of inaccurate information being submitted.
